Atari Introduces

2 Game Module™

2 games in a single modern designed cabinet is the ultimate for maximum profits per square foot and fits into any location

Sky Diver™

An all new one or two player parachuting skill game...
Jump — Pull the rip cord — Land on target.

ATARI®

A Warner Communications Company

2 Game Module™
Available in two different models: Avalanche™ and Super Bug™ included in one and Breakout™ and Sprint 1™ in the other. The two game module places two games back to back il less than 6½ square feet of space which is excellent for many smaller locations Contemporary graphic design in browns and beige on the side panels make this unit an attractive income producing piece that fits the decor of sophisticated locations as well as game room environments All four games, Avalanche and Super Bug Breakout and Sprint 1 have been selected due to their high collection record and long earning life

Sky Diver™
Atari introduces the spectacular thrills of skydiving in this new competitive skill game One or two players test their ability to jump from the airplane, pull the chute and land on target for maximum score Additional challenge is provided by the wind factor indicated by a flag near the target area and a special SKY DIVER spellout bonus feature to double the target score Many operator options, Atari's service and reliability features are included. Sky Diver is an all new concept that has superior appeal to players of all ages.
